

Patricia Grabarek, Ph.D.

**Co-Founder
Workr Beeing
Simi Valley, California**

Dr. Grabarek is an industrial/organizational psychologist with expertise in workplace wellness, culture, employee engagement, leadership, and people analytics. Grabarek has spent her career as a practitioner, mostly working in consulting. She now leads a people analytics research team at Intuitive. Throughout her career, Grabarek has worked with over sixty different client organizations from various industries, implementing solutions and research to improve wellness, diversity, retention, performance, and engagement. Recently, she was featured on Culture Amp's list of Top 25 Emerging Culture Creators for 2024. In addition, Grabarek has been featured in various media outlets, including The L.A. Times, CBS News, and CBC Radio. Grabarek is a co-founder of Workr Beeing, a workplace wellness organization providing engaging solutions and accessible content to create positive work environments.
