

Looking for Global Benefits Education?

The International Foundation's suite of global programs will give you and your team the knowledge and skills needed to effectively navigate the complex challenges of managing a multinational workforce.

Certificate in Global Benefits Management

February 24-28, 2025 | San Diego, California

July 14-18, 2025 | Chicago, Illinois

This in-person course provides the comprehensive knowledge needed to administer and manage a global benefits program. The robust curriculum offers a solid foundation in international benefits and an enhanced understanding of the benefits offered around the world.

CONNECT Global Employee Benefits and Workforce Strategies Summit

July 21-23, 2025 | Dallas, Texas

Global HR professionals will learn the latest issues, trends and solutions for developing and maintaining a global total rewards strategy. Through expert-led sessions, real-life case studies and a host of networking opportunities, this premier event is designed to connect and build the growing community of global professionals.

Global Benefits Fundamentals

December 2-3, 2025 | Virtual Workshop

This live, interactive, online course is for those looking for an overview of global benefits. Learn more about the range of issues a global benefits professional may encounter over the course of their career, including topics on culture, an overview of health care options and an introduction to the legal landscape.
